Al Falah University Students  
Guide During the Pandemic

# PROTOCOLS & PROCEDURES

2020 - 2021

TOWARDS A SAFE AND HEALTHY  
LEARNING ENVIRONMENT

## INTRODUCTION

Al falah university seeks to adhere to a set of conditions, precautionary measures and protocol in order to achieve a safe learning environment during the covid 19 pandemic. The university relied on the document for operating educational facilities during the pandemic - the first edition.

In dealing with the requirements and procedures in various fields related to the educational learning process. This handbook included some key points about the university environment and maintaining a safe and healthy environment. Many dimensions related to students, such as signing students to acknowledge the pledge and standards of appropriate behavior in the university, such as wearing face masks, maintaining a safe distance, staying away from gatherings, following up informative panels and awareness programs, contacting the university in case of infection with the virus covid 19 or contact with a person infected with it. As indicated in this handbook, the role expected of the staff and faculty members.

## THE UNIVERSITY ENVIRONMENT AND PUBLIC HEALTH

### Hygiene & Sterilization

The university is committed to continuing the cleaning of the university building continuously throughout the day and to conduct the sterilization process according to the specified schedule. The student is also obligated to follow up on continuous hand washing and personal sterilization using the sterilizer available in all university facilities.

### HEALTH PROCEDURES

#### Temperature Measurement

Before entering the university building, the temperature of students, staff and faculty members is measured. If high temperature is identified, the person will not be allowed entering the university.

#### Wearing a Face Mask

All students and staff and faculty members must wear face masks at the university. Faculty members can wear plastic shields in the classroom.

### Safe Distance

The physical distance must be observed for all those present in the university building (1.5 meter in the classrooms, library & laboratories and two meters in other facilities within the university). The different paths of university entrances and exits are taken into consideration.

### Awareness Boards and Awareness Programs

The university provides a set of advisory and awareness panels about adhering to health procedures. Some video clips and advertisements on the necessity to adhere to the procedures on the campus are also produced and published on the university's social media sites and the university's website.

### The Isolation Room

The university has an isolation room for people who show symptoms of covid 19 infection

### The Prayer Room

The prayer room is used by students only, with a commitment to bring their own prayer rug, and wear masks inside the prayer room, and maintain a safe distance of 1.5 meters in the prayer room. The staff and faculty members must pray in their offices.

### The Canteen

- Students are allowed to go to the canteen, while adhering to the physical distance.
- Cash payment is not allowed with the availability of electronic payment options

## STUDENTS AFFAIRS

### Registration in Al-hosn pp

Students are obligated to register at al-hosn app. The dean of student affairs office follows up their process of registration.

## Health Status Form

Students, staff and faculty members are obligated to sign the health status form which stated the need to adhere with all policies related to covid 19.

<https://afu.Ac.Ae/en/covid-19>
